Product Data Sheet

CD3009
LCD 4-Wire Remote Keypad for CD-Panels

LCD-keypad

The keypad has a clearly readable text on a 16 characters LCD for displaying system programming and alarm. They can be mounted at a distance of 800 m from an Advisor panel. The Arming Station LCD shows details of alarms or a pre-programmed text. To navigate through the programming and operational features, even in places where lighting is poor, the backlit screen and keys highlight the keypad for day and night use. The backlit functionality is programmable. In non-alarm situation the keypad can show a free programmable text.

Standard Features

- LCD display
- 2 Lines with 16 characters
- Backlight
