For a secure way of life

SR-730 PG2 PowerG® Wireless Outdoor Siren

- PowerG two-way Frequency Hopping Spread Spectrum FHSS-TDMA technology - provides robustness and reliability closer than ever to wired
- Sleek design and robust weatherproof housing (IP55) with high power strobe light
- Differentiated alarm sounds for intrusion and fire
- Loud 110dB Piezo siren
- Large transmission range enabling repeater-free installations
- Battery life 8 years with typical use
- Visible link quality indication shown on the device
- Choice of red, blue, orange or white lens with large free screen-print area for company logo and information
- Compatible with PowerMaster intruder alarm systems and PowerG receivers

SR-730 PG2 is a self-powered wireless two-way outdoor siren (IP55) that provides the perfect security solution for home owners with PowerMaster® intrusion alarm systems, looking for an external siren that is both affordable and easy to install.
